

Warning

Electrical Shock & Flash Hazard

Equipment Name: PP-1A

Electrical Shock Hazard

Voltage Level: 600 V

Approach Distances
Limited Distance: 42 inches
Restricted Distance: 12 inches

Glove Class: 0

Insulated Tools: RQ

RQ: Required NM: Non Melting AN: As Needed

Arc Flash Hazard

Max Energy: 1.2 cal/cm2

Arc Flash Approach Boundary:
120.45 in

Working Distance: 24 inches

Clothing Level: 3

Face Shield: RQ

Analysis Date: July 7, 2016

ALWAYS WEAR EYE PROTECTION!

Modifications of equipment or substantial changes in short-circuit current available may void results of the Arc Flash Hazard Analysis Study and values displayed on this Label. To maintain accuracy, Arc Flash review/update should be performed within 5 years of latest study/review (CSA Z462 Section 4). For more info contact PowerCore Eng. at (519) 474-1175 or online at www.PowerCore.ca.
